*In our beautiful playground*

## **“Here at the Brick School”**

**Written by Bob Venables**

Just ask the little pigs, what kind of place  
Can't be blown over, and can't be replaced  
It's a brick one, that's just what they'd say  
Solid and strong history long, June 1920,  
The last stone laid on  
And the big bell up on the rooftop, began work and play

**Chorus:** Here at the brick school, around we go  
Here at the brick school, around the May Pole  
Here at the Brick School, that's where we'll be  
Here at the Brick School, in Armstrong BC

Slide hill in the winter, chip trail in the spring  
The adventures the tall trees, are all precious things  
Expectations, expectations, exceeded daily  
Stories and snacks, fitness to start,  
We're the school with a knack  
The school with a heart, it's our mission,  
It's our mission, respect is the key

**Chorus:**

Ring out the big bell on the roof,  
Ring out the big bell like it used to do  
Ring out the big bell,  
Fall 1921, consolidation  
The first in B.C., the small schools to one  
From ink wells to computers, to the future  
We stand proud and strong

**Chorus:**
